

The historic stacks of the former
USX Steel Mill in Homestead, PA,
above, stand tall as an iconic
landmark at the successful
Waterfront mixed-use
development near Pittsburgh.

Renew.

Refresh.

Transform.

Park Corporation is a privately owned, multi-divisional company involved in the manufacture of machinery and components for the steel and energy related industries; production and sale of integrated steel products; redevelopment and management of industrial and commercial real estate; industrial equipment sales for the metalworking and mining industries; convention services; and providing private equity, mezzanine financing, and secured lending for a diversified range of businesses.

Thank you for your patience while our website is Renewed, Refreshed and Transformed.
